

BYD Battery-Box Premium being shortlisted in EES Award 2020

Dear Value Customers:

We are so honored to announce that we have been awarded as finalist with "Battery-Box Premium" in EES Award 2020, which is a significant recognition of the powerful innovations in energy storage industry. We take this as a motivation for us to continue put endeavors on innovations, to create greater storage product.

BYD Battery-Box has become one of the biggest selling system in the world with experience from thousands of installations. The Premium series are redesigned with greater visual appeal and easier installation, which will bring more benefits to installers and end users.

The final award winners will be revealed in EES Award Ceremony, held on June 30th online. Are we going to be the winners? Let's wait and check it out.
